BAC announces Equipment Wish List

Barracuda Aquatics Club has developed an Equipment Wish List that the coaches would like to involve in the program to enhance our swimmer's ability and experience.

The equipment listed below will enhance our swimmer's experience as training aides, technique teaching devices and help the coaches expand their practice creativity from night to night.

From year to year we try as an organization to increase our equipment for the swimmers and we will continue to increase in items. However, we will also accept any donations from a member of BAC to help us purchase any of the items on this list. If you wish to donate money towards this Equipment Wish List please contact Jeff at MNFEDCU-DAS@aol.com. You can donate the full amount necessary for an item or any portion to help us with any of the items.

The list below includes the name of the equipment, cost for one, the quantity the coaches wish to purchase, the total cost for that quantity and what level of the team the equipment would be directed towards. Although all of the equipment can be used by all levels of the team.

BAC EQUIPMENT WISH LIST
